

COSC 190, AI, Computer Vision, and Cognition
Extra Credit #2, Due Friday April 21st in class
Instructor: Dr. Fred Park

Find an interesting article, video, book chapter, or popular news on something pertaining to computer vision or artificial intelligence. Write a 1 page summary of the method(s) used, usefulness to society, and relation to cognition. Three submissions chosen based on relevance to the course will be discussed in class.
